2. No regular DDO Staff Meeting.

3. Other items of interest.

a. Reorganization Plans. The DD/M&S observed today that some reorganization of functions and activities may be undertaken in the future, but that any such action will occur only after the pros and cons have been fully studied and analyzed. When all concerned believe a change is desirable, it will be announced in due course. He noted that a decision has been made to transfer all computer assets to the Management and Services Directorate and the first part of this consolidation will occur effective about 2 April when the Office of Computer Services will become an office under M&S. OCS will have a new name, Office of Joint Computer Services, and Jack Iams will be the Office Director. In time the computer facilities in CRS of DDI and those in DDO will also move to the M&S Directorate with a target date of about ten months from now to have a completely integrated system.

b. Quarterly Credit Union Statements. We have been reminded that the next quarterly statements for the Credit Union will be distributed in mid-April. We believe that the problems previously experienced have been resolved, and that

name statements are pouched. They should be opened, sterilized, and re-sealed in new envelopes before being forwarded. We should also appreciate it if you could advise us of the approximate number of statements which have to be corrected and forwarded.

c. Telephone Answering Procedures. An Agency Notice will be distributed very soon calling for a change in answering telephones. [Redacted] is drafting

implementing instructions for DDO elements. Until you receive those, continue your present practices.

d. Support Staff - Support Group. The change from DD/S to DD/M&S does not now change the designation of your staff or group or your title as "Chief of Support."

e. M&S Career Service Designations. The present career service designations applied under the former Support Directorate will continue for the time being.

f. New Outgoing Cable Form. The new forms, designed for use with the optical scanner, are now available and some of you are using them. Suggest all of you go to the new form with the cable ball.
